DNR Summer Lake Elevation Expectations – 927.86 feet
Average Lake Elevation – 927.71 feet

LAKE MANAGEMENT PROGRAM

All harvesters have been removed from lake.

Land acquisition of 20 acres has accepted offer for properly managing aquatic plant material as emphasized by the DNR.

Stream monitoring for US AG land continues.

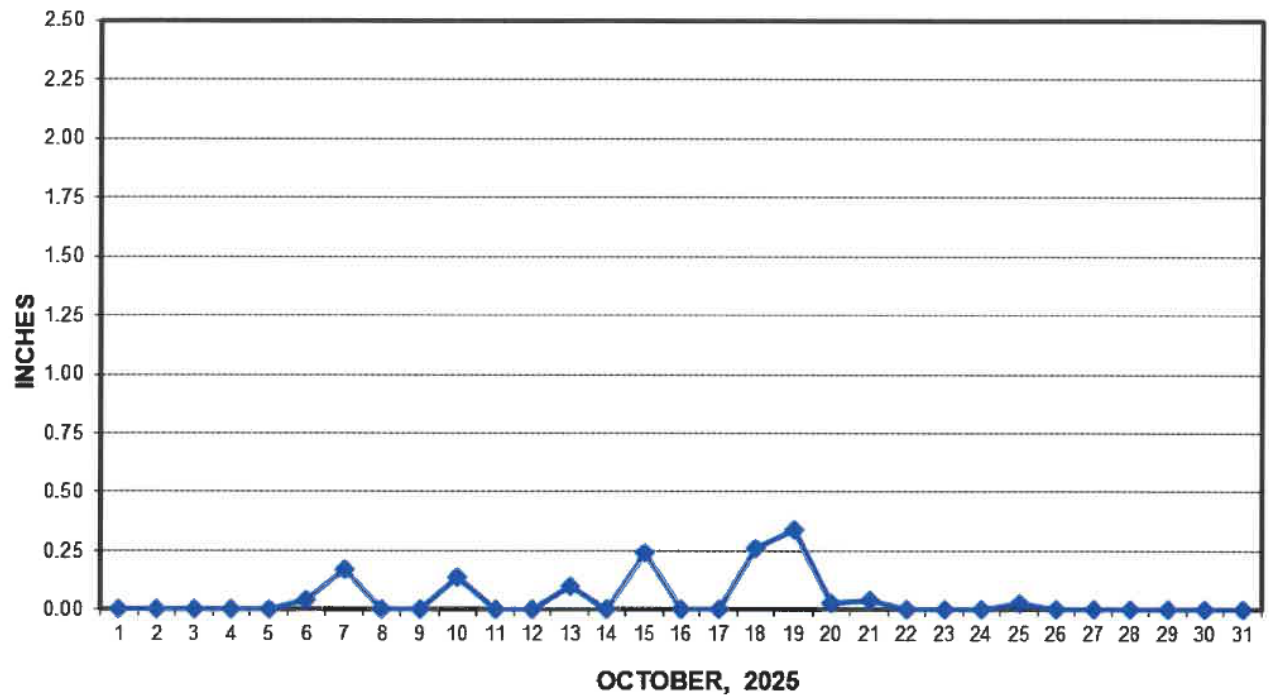

Harvesting is done for season and maintenance has begun.

It has been a record year for total weeds harvested. Over 10,000 cubic yards harvested for the season.

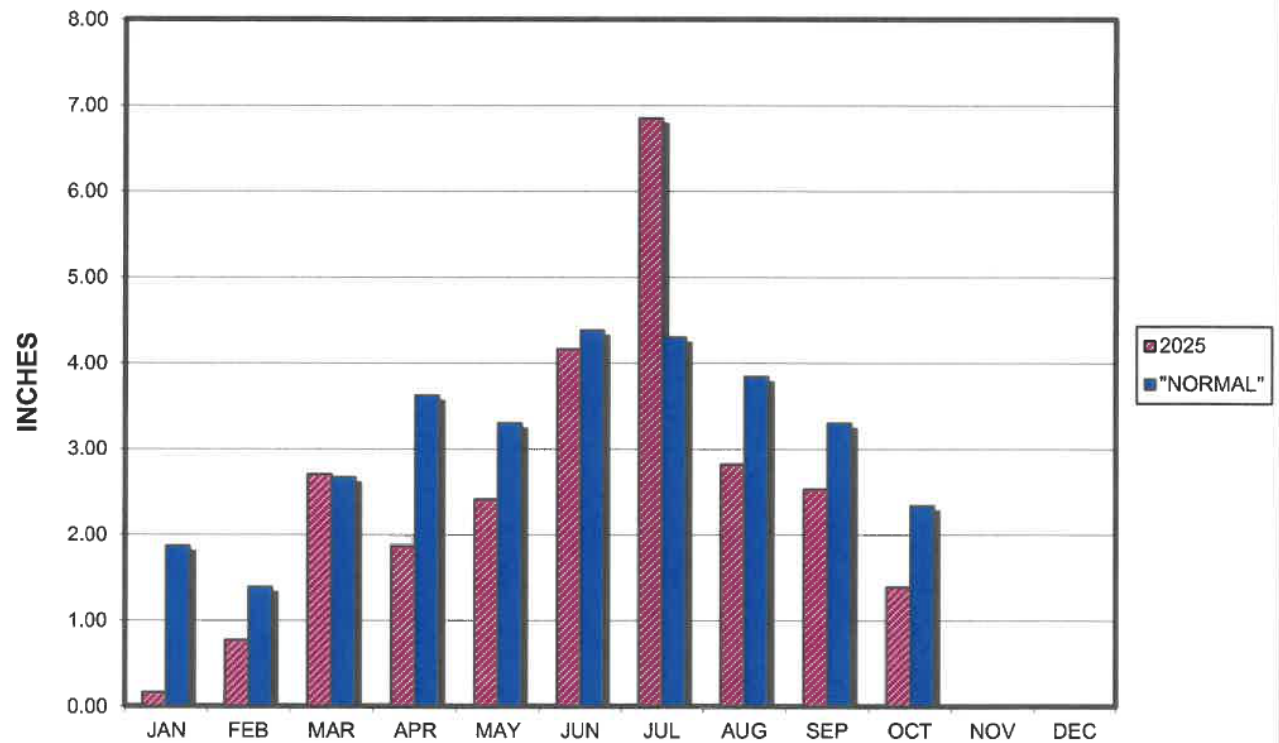

Submitting grant paperwork for new harvesters currently.
